

COLING 2022

October 12 – 17, 2022 / Gyeongju, Republic of Korea

The 29th International Conference on Computational Linguistics

[In-person oral session 17] Document classification, information retrieval and cross-lingual retrieval	
Date	Day 4. Saturday 15 Oct.
Time	13:20-14:20
Place	103-104
Session Chair	Robert Mercer

Parameter-Efficient Neural Reranking for Cross-Lingual and Multilingual Retrieval

Robert Litschko, Ivan Vulić and Goran Glavaš

Towards Robust Neural Retrieval with Source Domain Synthetic Pre-Finetuning

Revanth Gangi Reddy, Vikas Yadav, Md Arafat Sultan, Martin Franz, Vittorio Castelli, Heng Ji and Avi Sil

Addressing Leakage in Self-Supervised Contextualized Code Retrieval

Johannes Villmow, Viola Campos, Adrian Ulges and Ulrich Schwanecke
